Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Applicant proposed amended claim 1 (incorporating details of claim 7), amended claim 12 in independent form, and amended claim 25 (incorporating details of claim 26) and discussed why these structures and method define over the art rejections set forth in the Final Office action. Examiner noted that if Applicant were to make these amendments and additionally clarify details related to the claimed "test volume" it would define over the art of record. Applicant will take the discussion into account when preparing the formal response.
